Great directions, great pictures,and easy to understand instructions. There's a doll quilt I'll be starting soon that's just as sweet as can be. I thoroughly enjoy my quilting books and have a lot of them. Had I gotten this small quilt book first, I could have done without multiple other books of this type I've purchased throughout the years.12 of 12 people found the following review helpful. Small is relative - some of the quilts are 40 - 50 inches square.0 of 0 people found the following review helpful. I guess that's the best recommendation anyone can giveBy ChrisYes and then some!
