Whether you are new to glass fusing or a veteran glass crafter, you will find fresh ideas in this book. Information on fusing glass compatibility, firing schedules, and fusing materials is presented for fusers with minimal experience.

More advanced techniques and components are included for fusers wishing to add extra depth to their work. Within the 40 projects you will find a variety of skill levels for practical and decorative items--herb and garden markers, bowls, serving dishes, hanging panels, house numbers, jewelry cases, and more. Complete instructions in text are accompanied by step-by-step photographs. Full-size patterns, materials lists, and beautiful finished project photos are included.
