**Diane Kelder : 50 French IMpressionist Masterpieces (Large Poster Size, Suitable for Framing)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 50 French IMpressionist Masterpieces (Large Poster Size, Suitable for Framing):

0 of 0 people found the following review helpful. Disappointing but economicalBy Rosemary SarverMany pictures are small on a large page, the paintings chosen for several artists including Van Gogh were dull colorless images that neither I nor anyone who appreciates color, beauty AND Van Gogh would want to look at or frame. Worth the price was cheap and there were a few good images, but there were only half as many good examples of the impressionist period and it's artists as I had hoped for.
