Quiltmaker Magazine Editors : 502 New Quilting Motifs: Designs for Hand or Machine Quilting before purchasing it in order to gage whether or not it would be worth my time, and all praised 502 New Quilting Motifs: Designs for Hand or Machine Quilting:

6 of 6 people found the following review helpful. I'm neutralBy VickiOne thing I always forget is that not all designs are continuous. I am a longarm quilter, and I am looking for continuous designs or designs I can make continuous. About less than half of the 502 designs in this book meet this criteria. So, I guess I'm neutral about this book. Also, if you subscribe to Quiltmaker magazine, you've seen most of these designs. But they are all in one location, so I can discard the pages I have pulled from the magazine over the years.5 of 5 people found the following review helpful. It's hard to make them useful for machine quiltingBy CyndaThe book seems to focus on Hand quilting not continuous line quilting for longarm machines. There are a few but most have start and stop designs.Motif is just a single design for the center of the block. It's hard to make them useful for machine quilting. Still a good book if you need a particular design for the center of your block.6 of 6 people found the following review helpful. Hoping to Move Beyond Stitch-in-the-Ditch!By Robyn WI'm pretty new to the quilting stage of quilting! I can piece and do a 'stitch in the ditch' but I

recently finished piecing a top that needs something more creative! I've already found a motif I plan to use along the borders along with some other possibilities for the interior sections. Definitely worth the cost to me.

502 new options for quilting your masterpiece! The archives of Quiltmaker magazine are full of the best quilting motifs, and here are 502 new motifs pulled together in one volume just for you to mix and match and add to your quilt for the perfect finish!
