**Creating Keepsakes : 52 Scrapbooking Challenges** before purchasing it in order to gage whether or not it would be worth my time, and all praised 52 Scrapbooking Challenges:

1 of 2 people found the following review helpful. Such a fun bookBy Indie ReaderLately scrapbooking has gotten really intense with a lot of emphasis on detailed techniques that are both time and cost intensive. Elsie's style is freestyle and a whole lot of fun. Because it's a challenge book rather than a how to, it's easily adapted to fit any style. I love how she's able to make the cutest pages using nothing but a handful of buttons and a spool of ribbon. It's inspiring to me since I do a majority of my scrapping digitally and don't own many more physical scrapping products than that handful of buttons, spool of ribbon, and the sheet of cardstock to put them on.I follow her blog and I've watched her personal style evolve. Especially with the introduction of her new line of products. I'm eagerly awaiting new books from her. This one was just amazing eye candy and I'm convinced any subsequent books are going to be that much better.3 of 3 people found the following review helpful. ExcellentBy C. RowanI've been buying scrapbooking books

for inspiration....and so far this is the best of the lot !! Not only includes the most beautiful scrapbooking pages but also teach you a few tricks of the trade, how to make embellishments for example. Im very please with it !0 of 0 people found the following review helpful. A little dated but still goodBy Eclectic AdventurerMy title says it all. The book has some fun ideas that if you haven't tried them are worth doing.

Ready to take your scrapbooking style to the next level? In this exciting book, creative designer Elsie Flannigan presents you with 52 fun scrapbooking challenges! Follow along as Elsie and her team of designers take each challenge. Then challenge yourself to do the same.
