Like its predecessor "60 Quick Baby Knits", the patterns are beautiful and use Cascade 220 Superwash sport yarn. Although it says that the projects are for Newborns to Tots, only two patterns are written for size 24 months. Approximately 25 patterns are for size 12 months and smaller and 25 patterns are written up to size 18 months. I was a little disappointed because I thought "tots" meant that several of the patterns would go to at least 24 months. 13 of 13 people found the following review helpful. not good instructions for most of the patterns By Dorothy Curtis I've been a knitter for over 40 years and would not recommend this book.
