A Lovely Book of Patterns for Babies and ToddlersBy Fairbanks Reader - Bonnie BrodyIf you're looking to knit something for an infant or toddler, you need look no farther than this book. It has a pattern for every taste. The patterns all call for Cherub Yarn made by Cascade. I like the fact that Cherub yarn comes in DK and Aran so that the knitter can choose a pattern based on what needle size they are most comfortable with. The only thing I don't like, is that the yarn is acrylic. However, some babies are allergic to wool and this is just what they need.The patterns include sweaters, blankets, dresses, pullovers, pillows, leg warmers, onesies, knit toys, hats, buntings, and pants. This book is a great follow-up to the original books - 60 Quick Knits, 60 More Quick Baby Knits, and 60 Quick Baby Blankets. Of all the books, I think this one is the best.Most of the patterns are

cute and tasteful, ones that I'd love to knit for a gift or for my own family. It is a plus for every knitter's library. 4 of 4 people found the following review helpful. Love knitting the baby and toddler offerings....By An Educated Consumer Picking up from where another 60 quick knit left off, this book has some beautiful patterns. Have personally about a dozen in the definite future. The Cascade yarns specified are not available. Do not understand as this book is a recent publication. My fine yarn store and an easy yarn substitute search on line yeilded the perfect gauge.

Every baby needs these knits and every knitter needs this book! This adorable collection in the bestselling 60 Quick Knits series features easy, creative projects that range from blankets and booties to onesies, cardigans, hats, and toys. Each one is made in cuddly Cherub, a popular, well-priced, ultra-soft acrylic yarn.
