Xenia Ley Parker : A beginner's book of needlepoint and embroidery before purchasing it in order to gage whether or not it would be worth my time, and all praised A beginner's book of needlepoint and embroidery:

2 of 2 people found the following review helpful. Because I'm relatively new to needle point and embroidery, ...By Judy S.Because I'm relatively new to needle point and embroidery, I found the written instructions along with the diagrams to be very clear. It's a small book (160 pages) but yet it's packed with information that's very succinct (e.g. what to do if the yarn gets twisted, tips for left-handed stitchers, how to care for project once it's completed, etc.)As a WARNING, some or all of the projects will have to be modernized according to one's preference (this used book was copyrighted in 1975 and to my knowledge it has never been updated).

Discusses the history, materials, tools, patterns, procedures, and stitches of embroidery and needlepoint.
