I collect paper dolls and do not want to sell. I purchased this book to gain information on dolls in my collection. It is helpful in that regard, and for only a few bucks so I give it five stars.3 of 3 people found the following review helpful. paper doll collectors-long out of print, grab it if you find itBy eviemary young is the only paper doll expert who has published reference books on paper dolls of the 40s, 50s and 60s. books are accompanied by the cover art making this a valuable reference and research book for collectors. i wish all her reference books were being reprinted, it is very hard to find clean tight copies.2 of 2 people found the following review helpful.
