Five Stars By Customer I really like this book-the flowers are beautiful and the projects are something I can do. 5 of 5 people found the following review helpful. Showy 3-D Applique By Bette P. Cain In this book I have discovered something better than applique. It is 3-dimensional applique. The results of the design and methods in this book are eye-catching and showy. And once you learn this technique you can make many of your old

favorite standard applique patterns come alive and catch peoples eyes. A very enjoyable book.

Step-by-step instructions for making 3-d flowers, berries, and leaves to embellish quilts and other small craft projects.
