Indigo in the future! By lydia I think that this book will be a great resource to a future project.

Beautiful pictures of wonderful dyed fabrics used in a variety of designs accompany detailed advice on the materials required, preparing the fabric and the dyeing methods. Using Shibori techniques - folding, pleating, clamping,

stitching and pole wrapping, the author illustrates all the different stages, using clear step-by-step photographs and easy-to-follow text. A stunning sequence of inspirational projects have been specially chosen to develop skills and build confidence, with instructions on how to make a tea cosy, a jacket, a silk scarf and more.

"Everything is very well explained and illustrated a good introduction to indigo." International Journal of the Guild of Silk Painters
