getting this. He absolutely loved it and no one has even thought about getting it for him before. If you have a fan of Doc Savage in your life, this is the perfect gift!0 of 0 people found the following review helpful. Great read.By Bruce G. ColemanThis item was a great addition to my collection of growing Doc Savage items. There are times when you want to know the 'story behind the story". This tome gives a good account of that.0 of 0 people found the following review helpful. A great book on Doc SavageBy Michael R. BrownThis is a great book on Doc Savage. We get an extensive coverage of all the stories, then info on Doc's appearance in comics, radio and movies.A must for any Doc fan.

Doc Savage is the prototype of the modern fictional superhero. The character exploded onto the scene in 1933, with the Great Depression and the gathering clouds of war as a cultural backdrop. The adventure series is examined in relation to historical events and the changing tastes of readers, with special attention paid to the horror and science fiction elements. The artwork features illustrations, covers, and original art. Chapters cover Doc Savage paperbacks, pulp magazines, comic books, and fanzines, and an appendix offers biographies of all major contributors to the series.

"An outstanding analysis...in-depth...a wealth of meticulous research...a must-have." --Midwest Book "One look at the front cover of this book and you know that you have a hit on your hands...Doc fans will enjoy" --Western CollectiblesAbout the AuthorRobert Michael "Bobb" Cotter, a graphic designer, lives in Pittsburgh. In addition to having written several books about comics and film, he writes a monthly column for Creepy Classics.
