It also combines two of the types of designs I really enjoy Christmas and cats. The artist has a fun sense of humor and a good imagination. The cats are put into so many funny scenes, it makes me laugh just looking at the drawings.The designs are detailed but not too intricate. There are many, many cats (though I think a million is rounding up quite a bit!) The scenes are both winter and Christmas. There is a cat ice fishing with polar bears, cats sledding, riding reindeer, gathered around (and even in) a fire place, cat snow globes, cat mandalas, cats decorating and as decorations, cats caroling you get the picture the list goes on and on. One of my personal favorites is that of cats representing the 12

Days of Christmas. This is what I experienced while coloring in this book and testing my coloring medium on the paper. 37 Adorable and Comical Christmas Cat Designs Smaller format book (7 x 9 inches) Designs are printed both sides of the page Many designs spread across two pages Paper is white, medium weight, slightly smooth and non-perforated Glue Binding Many designs merge into the binding area (on my copy, the pages line up well.) I can open the book fairly flat for coloring by breaking the spine. Alcohol-based markers bleed through this paper Water-based markers bleed through in spots Gel pens and India ink pens do not bleed through the page. India ink can leave shadows on the back of the back if I apply multiple coats or apply ink heavily Colored pencils work well with this paper. I was able to get good color and to get deeper pigment by layering the same color. I found that I could layer multiple colors and blend easily using a pencil style blending stick. This was the case with both oil and wax-based pencils. 0 of 0 people found the following review helpful. So fun! By Miss C The best Christmas coloring book and I don't even like cats. No kidding.
