Cherina Kohey : Adult Coloring Book: Butterflies and Flowers : Stress Relieving Patterns (Volume 7) before purchasing it in order to gage whether or not it would be worth my time, and all praised Adult Coloring Book: Butterflies and Flowers : Stress Relieving Patterns (Volume 7):

382 of 392 people found the following review helpful. Nice designs, poor qualityBy JennyPennyI am happy with the designs in this book. But I do not like the poor quality on some of the drawings. Some look sketched, not solid lines (my 3rd photo shows an example of this) But what bothers me more is that some of the designs are cut off on the right side of the page (on all of my photos) The priceon the book says \$12, but for this reduced price I am going to keep it. I will still enjoy coloring these designs.277 of 284 people found the following review helpful. If you love butterflies you will love this book. The cover is included and 2 more images like that one. Printed one per page!By Jackie CooperThe cover picture is included in the book and two other images in the book are like that one with Butterflies and

flowers. The rest of the images are very nicely done and all of them include butterflies, six are individual butterflies centered on the page, others are flutters of butterflies filling the page or in graceful patterns, you will find 3 like the cover page and other patterns made up of butterflies and flora. If you love butterflies you will love this book.

1. 30 illustrations printed one per page (the back of each page is blank) on light weight, bright white paper.
2. All markers and gel pens leak through the pages, I place a piece of paper under the page I am coloring to prevent damage to the next page.
3. Many of the illustrations cover the page and continue off the pages, but 1/8th inch has been left between the image and the binding so you can color the entire picture.
4. The printing is not centered, 7 of the images in the book I got are cut off at the edge of the page, these are smaller images and include individual butterflies that should all be on the page, also Butterflies is spelt wrong on the cover of my book it is Butterflies . The images are all printed crisp and clear and perhaps these pages will be corrected in a future edition but I am knocking this book one star for this.

I felt the quality of the book really varied. Not all pictures are as detailed as the one on the cover (which is, of course, the nicest one in the book by far) - and many images seemed simplistic and more suited to an older child than an adult. Others, while detailed, were more like realistic sketches of butterflies and flowers that you color in - which is not what I was looking for. I was hoping for stronger defined areas to fill in and not just a moth-like pencil sketch to color where the entire wing is one open area. I also agree with the reviewer who said that some of the images are cut off on the right side. One image was even poorly defined and blurry and I was surprised that it would be included in the book in that condition. But...when all is said and done there are enough nice images (30) to make the book somewhat worth while given the reduced price. Easier images are nice for nights when I don't feel like using a lot of effort to color small detailed areas or when I don't have a lot of time. In the end, I decided to use this more as a practice book to play around with colors, shading and technique.

Important Note : This book Exclusively for Amazon Prime and Createspace.com. If you found any seller sell lower price than Amazon Prime. It's not my book with rights. Thank you very much for your support. Cherina Kohey.

Coloring time is calming time! This is my special coloring book. Its perfect gift for the Butterflies and Flowers. You will found 30 designs of different dimension of butterflies and flowers such as cute butterflies, art butterflies, creative butterflies, graphic butterflies and etc. range in complexity from beginner to expert-level. Lets join millions of adults all around the world who are rediscovering the simple relaxation and joy of coloring!. Please enjoys!!
