**Varda Books : Adult Coloring Book: Flowers -- 32 square, stress-relieving designs** before purchasing it in order to gage whether or not it would be worth my time, and all praised Adult Coloring Book: Flowers -- 32 square, stress-relieving designs:

0 of 0 people found the following review helpful. Wonderful book overallBy Green Cow LandI've purchased the other Flowers book by Varda books, and I've gotta say I like that one much better then this one!In this book, The designs are "squared" rather than rectangle for you to color.\* Easy to color because the designs do not go to the edge of the page.\* Most designs are "boxed" some of them are not.\* Some designs are faded, While others are not. Giving you variation. But if you are a perfectionist, This may drive you crazy.\*Gorgeous glossy cover, It's a good looking gift item.\*

zentanlge like, Florals, Abstract, A mix of everything. I like that because no page looks too much like the other.\* 32 designs for coloring\* Pretty, professional crisp lines for coloring, Most appear to be vector graphics.0 of 0 people found the following review helpful. Five StarsBy LiliaLove it, pictures are great not heavy and much variety

These hand-drawn "square" flower patterns have been tried and tested on more than a dozen volunteers and found to produce rapid relaxation and destressing. When coloring, similar to the round mandalas, one should start at the center and move towards the edges. The designs are complex and your results should be beautiful.
