As advertisedBy elizabethThese are drawings of women's dresses on hangers with interesting doodle-type designs to color in. Great variety and very well executed. A few pairs of shoes and a couple of bathing suits are also included. I did not try the included PDF link, because I personally have no interest in these pictures, but received the book for free and checked it out to happily report that if you like fashion, you'll enjoy playing with this book.0 of 0 people found the following review helpful.
