Jane Davies : Adventures in Mixed Media: Collage, Stitch, Fuse, and Journal Your Way to a More Creative Life before purchasing it in order to gauge whether or not it would be worth my time, and all praised Adventures in Mixed Media: Collage, Stitch, Fuse, and Journal Your Way to a More Creative Life:

3 of 3 people found the following review helpful. Adventures in Mixed Media By Kay R. This book will make you enthused and it's just a great book. I'm thinking one of the classics for mixed media. It's a book you must have for your library. She does use her collage for 3-D projects that are just delightful. She has a design for a doll that is moveable at the joints using scrap booking rivets or grommets. She has her recipe for fusion fabric and fibers. This is really rich and inspiring for you fiber artists. Then her jewelry is beautifully abstract. (And I don't like abstract!) Angelina fabric is so

shiny and sparkly--she has a recipe! I love my copy and it's a staple!!! Thank you Jane Davies! Kay2 of 2 people found the following review helpful. Five Stars By Diana A fun book with lots of variety. Good pictures. I look through this book quite often for ideas. 14 of 15 people found the following review helpful. Jane does it again! By Judy Shea I just got this book today. It's chock full of great mixed media techniques. Jane works with paper, fabric, tissue, makes her own boxes, shrines and paper dolls...and that's not all. Lots of fun projects, ideas and templates. She has a great way of writing as if you were having a conversation with her in person. I like that personal style.

Mixed media in all its forms not just traditional two-dimensional, paper-based collage but three-dimensional pieces that include fiber, fabric, a variety of embellishments, found objects, and even repurposed and recycled materials offers artists an opportunity to move freely across the boundaries of art, craft, painting, quilting, and collage. In *Adventures in Mixed Media*, Jane Davies shows you how to use this art form to enrich your creative expression. In lessons that inspire creativity, Jane demonstrates a variety of techniques using paper, fabric, embellishments such as beads, feathers, and ribbons, fusible and nonfusible fibers, and even foamcore. Books, bags, mini-quilts, personal shrines, and paper dolls are just some of the projects inside and of course Jane emphasizes ways to incorporate photos and other personal memorabilia and details into your art. Whether you are a beginner and want to start with techniques like scribble painting or basic collage, or an expert collage artist eager to learn new uses for familiar materials, this is the book to guide your creative explorations in collage and mixed media.

About the Author JANE DAVIES designs tableware, fabric, paper goods, stationery, and other products for many prestigious manufacturers. A graduate of Bennington College in Vermont and the School for American Crafts in Rochester, New York, Jane currently teaches workshops in collage, handmade books, and other topics relating to mixed media. She is the author of *A Glaze of Color*, *Collage with Color*, and *Collage Journeys*, all published by Watson-Guption. You can find her artwork, books, and workshop information at www.JaneDaviesStudios.com.
