Valerie Janitch : Alice and Daisy: Special Occasion Outfits and Furniture (Alice Daisy) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alice and Daisy: Special Occasion Outfits and Furniture (Alice Daisy):

0 of 0 people found the following review helpful. Very pleased By Customer What a lovely book. Helpful, detailed instructions with large colour pictures of all the things you can make. 0 of 1 people found the following review helpful. Very cute clothes and furniture patterns By CaliReader For some reason, I had thought this book was for the doll too; however, it is ONLY for clothing and furniture. The book is full of very adorable designs, but keep in mind there is NO doll pattern included. If you already have the doll pattern it is well worth the buy; however, if you do not, you need to get the doll pattern book as well (the doll pattern book is not inexpensive and are not easy to come by).

A pattern and instruction book for making clothes and furniture for rag dolls. There are outfits for visiting the theatre, playing croquet, going punting, attending garden parties, picnicking and playing in the snow. There are also instructions for creating doll's house furnishings.
