**Dianne J. Hook : Amazing ABCs and 123s: Creative Alphabet Number Clip Art for Classroom Home** before purchasing it in order to gage whether or not it would be worth my time, and all praised Amazing ABCs and 123s: Creative Alphabet Number Clip Art for Classroom Home:

2 of 2 people found the following review helpful. Not what I thought By Doreen S. When I searched for fonts, this came up. It doesn't have any fonts, just copies of individual letters that you can print out and use to spell something on a bulletin board. It was cute, but just not what I needed. I returned it without any problem. You can download individual fonts on her website very inexpensively, and this is what I did.

Features ready-to-use alphabet and number clip art, perfect for bulletin board displays, posters, flash cards, scrapbooks, and more. Includes Mac- and PC-compatible CD with color and black-and-white versions of all images.
