Very easy to follow steps and even though the pictures are of young girls on up to teenagers, I am 47 years old and I feel they are fine for someone my age and older! Definitely recommend for anyone wanting to learn new styles (braids, twists, buns, etc). Color photos, etc. Could not have been put together any better!4 of 4 people found the following review helpful. HairstylesBy CNY ShopperThese styles are ok....They are done a bit more precise than I like, meaning combed out hair, slick tight braiding and styles. I prefer the "messy" look, looser style braids, wispy pieces of hair, etc. This is great for neat and clean no blowing in the wind styles, so if that's what you are looking for it's perfect. Also, children are used for the models so if you are looking for ideas for you young daughters for Easter, weddings, etc, this is great for that.3 of 3 people found the following review helpful. Finally a book that non-cosmetologist moms can understand!!!By Happy Cookin' MamaMinimal to no heat styling, lots of looks that look complicated but are easy to do!!!! No ridiculously long hair required either. Normal but nice styles for normal girls -- this is awesome and I wish I'd had it sooner!!!! :-)
