Good book bad orderingBy ParisqueenThe book is very good and interesting, it has a lot of good things in it and I am very happy with the price. The only issue wit it was who I ordered it from. The book got to me an the package was a little messed up and the corners on the book were torn. The plastic like cover on the front is not in good shape.0 of 0 people found the following review helpful. One StarBy CustomerI was really disappointed i was hoping for more details and just more
