3 of 3 people found the following review helpful. hat patterns are adorable I would give that a 5 starBy cgkhat patterns are adorable I would give that a 5 star. My problem is the gage is off. all patterns call for 2 strands of worsted weight yarn and a J hook. I have crocheted for years and have never had a problem being right on with the gage. but even though patterns are easy to follow and my crochet tension has always been spot on I find that these patterns must have been written with single strand of yarn instead. Have restarted many times and am now using 2 strands of yarn with a G hook and just about have gage on but then hat is too stiff. not sure if weight of yarn should be a 3 or just crochet with 1 strand.1 of 1 people found the following review helpful. Correction to Shark Hat: Dear Crocheters, in the original version of this book, the Ear Flap instructions were missing for the Shark Hat. Please note that the Ear Flaps are crocheted the same for every ear-flap hat. Simply follow the instructions for marking the location and working any ear flaps, for example, see page 27 for the Flamingo. The book has now been corrected. Updated versions can be identified on the back of the Title Page as Edition 2.0. About the Author LINDA WRIGHT studied textiles and clothing design at the Pennsylvania State University.
