These fit the bill. With so many to choose from it was hard to know where to start...but in less than a week I have already made four covers. I need more bathrooms! The book is well laid out and the patterns clearly written. A little adjusting on size was needed, but that is to be expected as we all use different yarns, hooks etc. Mine has all turned out well. The monkey is way too adorable. This book is a great value for the money. 6 of 6 people found the following review helpful. Amigurumi toilet paper covers By SpiderInkI absolutely adore this book.
