I give them to my students as incentive prizes for special assignments and they love them! Thank you so much! They are classy, excellently made and all their parts fit great with one another. I am looking forward to see other Aneela's creations.0 of 0 people found the following review helpful. Five StarsBy AmyIzzyExactly what I was looking for!I create zentangle patterns on the blank sides and it gives the boxes a finished look to have the patterns on the inside, and I use for giving small gifts. I just ordered the other 2 books.0 of 0 people found the following review helpful. Five StarsBy QueenaGood quality paper. My daughter loves making the boxes and giving them away!

These collections of pop out boxes from three well-known fabric designers will have kids designing their very own boxes in no time. The boxes feature fun, current designs and are easy to assemble, providing hours of fun for kids and their friends. As educational as they are entertaining, each collection comes with instructions that walk kids through the pros' design processes, then prompt them to design their own patterns on the boxes featuring blank sides.

Play with your favorite fabric motif in paper form! Each book in the trio features 30 pop out boxes (plus cards, tags, and bookmarks) showcasing patterns from a popular fabric designer Marisa Anne, Aneela Hoey, or Erin McMorris. Each page also features black-and-white designs that you can color and add your own artistic flair. (Quilts More, Summer 2014)
