I am making the Animal Bowling set. Way cute! I used Sugar and Cream cotton yarn and an "F" hook instead of the thinner yarn the pattern calls for. Pins are about 8" tall instead of 5". Pattern works out well. I have made other bowling pins and had trouble convincing them to stand up. The unique bottom technique is fabulous. They stand up quite well. This book is a winner.0 of 0 people found the

following review helpful. Love the patterns but the book fell apartBy HK fanLove the patterns but the book fell apart. Pages were coming off at the seam. Hardcover might be better. Price was high for this book.1 of 1 people found the following review helpful. Nicely doneBy gigiBeautifully illustrated with good step by step instructions.

A wonderful collection of crochet patterns for: little owls, bunnies, toys (a helicopter and bowling pins), beautiful dolls, bears, monkeys, cats and puppies. Most dolls and animals are quick and easy to crochet. Step by step instructions help you with photos of the details. These patterns assume a basic experience of crochet. With a little crochet knowledge you will find most patterns easy. For each pattern is indicated the level: easy or intermediate.
