By phallange This is a great all-included kit for kids (or anyone) to get started. There are projects simple enough for our three year old and interesting enough that even my husband and I don't mind sitting down and folding a few things with the kids. Instructions are also easy-to-follow. We are origami novices and have really enjoyed this kit. We'll be buying more for nieces and nephews.

"Fun Easy Origami is, hands-down, the easiest of the origami kits I've tried from Tuttle. If your gift recipient is a young beginner, this is definitely the one to go with. There's a good bit of variety, but these are pretty simple folds. That's good for not-so-nimble fingers, and/or for young people who may get frustrated easily if the folds aren't

working right. The selection of figures seems to have been made with children in mind, too. They are likely to find these approachable, relevant subjects." Titus 2 Homemaker blog
