Found this book had most of the items I wanted to make for Christmas. I had small amounts of sock,finger and baby yarn left over and wanted to use it up. The instructions and ideas in the book where easy to follow. I made four items in time for Christmas day. The purple dress was the hit of the night I embellished with a strip of crochet 10 thread threaded with pearls. And a crochet gardina flower on the front of the dress.0 of 0 people found the following review helpful. but they read like they will be easy for me toBy Kindle CustomerI haven't actually knitted most of the patterns, but they read like they will be easy for me to follow0 of 0 people found the following review helpful.
