Not the best value though.By Sid Sult's a really good present for anyone you want to troll who likes rap. Though for ten dollars a lot more should've been given than just shy of 50 pages.1 of 1 people found the following review helpful. Stuck In 1992By MsMoeMy boyfriend is stuck in 1992, all he listens to is Gangsta rap. So his nickname is 92'. So when I came across this coloring book, I knew it was the best birthday gift I could ever give him. When he opened it up our was like he was a kid again. He was excited, flipping through the pages and decided which rapper he was going to color first. May Gangsta Rap never die unless it's gets a cap to the @\$\$! Now that's Gangsta!!!

The title says it all. Break out the crayons, 'cause it gangsta rap coloring time! 48 pages of line drawings of "Gangsta" rappers, done with the thick black line we all remember from the coloring books of our youth. The juxtaposition of the outlaw image of the rappers with the childlike innocence of a coloring book makes for an instant laugh.

"The funniest thing I've seen since Bringing Down the House."
