Each picture is beautiful, with lots of details. The paper is a little bit thin, but smooth and takes colouring very well. My markers bled through, but didn't spread sideways over the lines. I love this book and would definitely recommend it to everyone who enjoys detailed fantasy images. 1 of 1 people found the following review helpful. Far more beautiful than the pictures first appear By Trisha Webb Far more beautiful than the pictures first appear. There is so much detail in every one of them that I can spend hours coloring a single picture. Totally worth every penny. My only sadness is that they aren't perforated pages so I could take them out and frame them when I am done.

20 gorgeous, highly-detailed pages. Magical, mystical and flowery, this is a stunning follow-up to Mitzi's very popular first volume! Difficulty Level: Color at your own risk! Staple-bound, 8.5 x 11 inches, with a heavy, glossy cardstock

cover in full color and single-sided pages suitable for markers and most media that isn't too wet.
