**David Scarfe : Geeky LEGO Crafts: 21 Fun and Quirky Projects** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Geeky LEGO Crafts: 21 Fun and Quirky Projects:

1 of 1 people found the following review helpful. Challenging BUT FUN By FayFunny and great0 of 0 people found the following review helpful. Four Stars By Deborah DiLando Lots of fun 1 of 2 people found the following review helpful. Extremely disappointed in models By Searls If one is looking for basic models, this is a fair book. There are many others in the same price bracket that has more complex models. Also, if you do purchase, make sure to read the

back of the book for all the other materials you will need for 4 of the models.

Indulge your love for LEGO by making the challenging, quirky, and occasionally practical designs in *Geeky LEGO Crafts*. Follow the step-by-step instructions to build handy bookends, geeky coasters, a stylish wine rack, adorable pencil holders, and much more.

**About the Author** David Scarfe is a Sunday Times best-selling author as well as co-creator and designer of Channel 4's critically acclaimed cartoon *Full English*. He is a graduate of the Royal Academy School of Arts.
