Lynn A. Thomas : Gel Candles : How to Make Market Gel Candles That Sell Like Wildfire! before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gel Candles : How to Make Market Gel Candles That Sell Like Wildfire!:

1 of 1 people found the following review helpful. Five Stars By Donna J. Rose A+10 of 11 people found the following

review helpful. I should have read the reviewsBy KarenI was very disappointed with this book....I saw it listed on the Internet and it was recommended by some of the web sights. The information in this book is on the Internet and the projects are not that great or challenging. The book has eight pages of color picture. I checked many of the suppliers listed in the back of the book and quite a few no longer have web pages. I truly expected more from this book based on all of the hype. I feel your money would be better spent on another book.12 of 13 people found the following review helpful. More than worth it!By A CustomerI found the resource section itself to be worth more than the price of the book. The step-by-step instructions are great for a novice. I was also grateful for the warnings of the mistakes and frustrations that can so easily ruin both the pleasure and productivity, that I would never have thought of, combined with the notes of the mistakes that are easy to correct so that you don't need to worry. It's a book that let's you get down to the enjoyment ASAP!

The Original Gel Candle Resource ~ Since 1999. Gel Candles are Fun, Easy Lucrative! Everything you need to know about making, marketing and selling gel candles. Topics include: What is candle gel? How is it made? How do I color, scent and design the gel? What wicks and glassware do I use? How do I package, price and sell the candles? and more. These easy-to-follow steps with photographs and resource information will help get you started and will serve as your reference guide for your gel candle hobby or business. PUBLISHERS UPDATE: At the time of publication (March 2001) this book and its ebook version (published 1999) were the first resource about Gel Candles. This book sold out its print run and has been out of print since December 2001. Please note that this book sold for \$14.95, and any listings for sale of this published version (ISBN# 978-0970241733) of the book on Amazon.com are not listed by or offered by the Publisher or Author.

From Readers, Suppliers and Gel Candle Makers: It's organized in a terrific manner, which makes it easy to use and refer to. Thank you once again.~ Diane Watson Hands down the best resource for instructions on how to make your own candles. ~ Bettie Saccardo, Gel Candle Designer It's very well written, organized and beautifully formatted. Many thanks. ~ Umberto Tosi, Managing Editor, Mightywords I endorse only one book.. "I endorse only one book.. It's the Gel Candle how-to book penned by Lynn Thomas, The only person to write a sensible, safety conscious gelling book. IMHO it's the only book written with safety in mind. I've browsed some of the (other) gel books and some of the stuff contained in them just flat out frightens me! ~Amy P. RusticEscentuals.com Out of all the gel candle books we have reviewed (and that's a lot!) yours is still the only book we are happy to recommend to our customers. Everyone I have talked to has been very impressed with the detail and ongoing help they get from Lynn's book. I have already purchased your book 3 years ago and still to this day I find it very helpful and useful. I will tell any candle maker that this book is a definite MUST have. I have enjoyed it and truthfully I am so glad I have it. It helped us out a great deal more than you know. We have many candle books but this was the one that we needed for ongoing guidance and support. Thanks for taking the time to write this book~ Tori Gray, Uniquely Lit Your book is awesome. ~ Jennifer M. I love the book and the website.~ Monica You have ALWAYS been inspiration. ~ Liz My husband and I love your book Gel Candles. We feel that your work with candles and your book are true pieces of art. We obtained great inspiration from reading your book and the pictures were absolutely stunning. Your book is wonderful and you have so many wonderful things in your book.It has everything you need to make the best gel candles including internet sites to purchase supplies. ~T.J. Todd, Lookingglasscandles.com I purchase your book online a couple of weeks ago... wish I had found it before...it is a very complete guide. ~ Marie C. Jacobs I just started doing gel candles about two years ago.. but just now getting into craft fairs. but here is the book I brought that I found in valuable. Not only does it show the right way but it has tons of design ideas... ~ Kathy I purchased your book online a couple of weeks ago... wish I had found it before...it is a very complete guide... I started making gel candles and I can't stop...~ Marie Jacobs Thank you Lynn and thank you for writing such a wonderful book! ~ Darlene Got your book. Love it!! I've been making gel

candles for about a year now, but loved the pictures and new ideas I got. Great helpful suggestions. Thanks for the inspiration. I made the penny candle for a loan officer at my bank. She loved it. ~ Betty Nowell I have a copy of your book!!! Excellent!! ~ Penny - Sage Meadow Sundries Received a gel candle from my daughter that I love very much. I found out she made it following the simple instructions from your book. ~ Flora Sanchez Thank you so much for the wonderful book I just finished reading How to Make Market Gel Candles that Sell Like Wildfire. ~ Betty Shores Thank you for your wonderful book! ~ Fabienne Nichols of FabSoaps.com I purchased your book and think it is fascinating ~ Tom Ward Thank you very much for writing this book, I have enjoyed every word. John Gremillon A friend of mine.... e-mailed me photos of the gel candles that she creates and I was fascinated. I immediately knew that I wanted to learn how to make these beautiful candles.. I purchased your book ... I couldn't put it down! So easy to read and understand. This is one of the most well-written instruction books that I have ever had the pleasure to read... With so little investment... a person can actually start a prosperous business! Thank you for sharing! ~ Patsy Bocook, A New Creation, OH Hi I just finished reading your book. First I made 40 candles (from a different book) and now I know how to do it the right way. Very good reading. Thanks for your book and help ~ Ron I already read the whole book. Am I glad I bought it? You better believe it! Thanks much ~ Shirley I too read Lynn Thomas' book and got hooked. Now I'm a gel-a-holic.....I just can't quit :) ~ Dori in AK I have purchased your book, and it was wonderful! It took all of the guess work out of making my gel candles for the first time! Thanks so much! ~ Sincerely, Karen A. Hunter I have this book and I have read it over and over, I must say I love it! ~ Jennifer Loved the book!... Thanks for all your work on the book ... ~ Michele Hill I received your book a few days ago and I think it is just awesome. it is loaded with all the info I need... ~ Pam I just got done reading your book and can't wait to get started! ~ Amy This book is the best! Everyone should read it. LoriAnn Glen - gelcandlesupply.com I just received this book last night!!! Great book!!! I read it this morning before going to work. The book is concise and to the point in describing every detail of gel candle making. I subscribed to your newsletter and love the articles.
