**Dominique Breffort : German Fighters. Volume 2: Bf110 - Me210 - Me410 - Fw190 - Me262 - Me183 - He162** before purchasing it in order to gage whether or not it would be worth my time, and all praised German Fighters. Volume 2: Bf110 - Me210 - Me410 - Fw190 - Me262 - Me183 - He162:

1 of 1 people found the following review helpful. Five StarsBy George BrackenExcellent for the modeler. Full of color profiles of German fighters. Very inspirational for my next modeling project.0 of 0 people found the following review helpful. Five StarsBy CustomerFabulous book! Don't give much thought to the negative review.5 of 6 people found the following review helpful. Outstanding 2 !By geriAs I stated about Vol 1, if you are a modeler these two volumes are well worth the money. Details and color plates are fantastic. I hope they carry on this series with other aircraft and

nations.

Gathered in two volumes, presented here are the legendary Luftwaffe aircraft: the Messerschmitt 109 and 110, the Focke Wulf 190 and the jets that appeared near the end of the conflict. More than 600 color profiles detail a wide variety of insignia and camouflage paints. Together, these two books represent a highly detailed compilation (new photographs, new profiles) improving upon the previous editions published in the Planes and Pilots series.

About the Author Dominique Breffort, editor of the journal *WingMasters*, is a passionate historian with 30 years of knowledge on his subjects.
