From Tyndale House Publishers : Gold Praying Hands (Faith That Sticks Stickers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gold Praying Hands (Faith That Sticks Stickers):

Each of these miniature stickers shows the classic praying hands symbol in gold foil and green. The small size (" x ") makes them ideal for progress charts, attendance records, and papers. A useful resource for anyone who works with

kids at church or school, and a great value. Six sheets, 42 stickers per sheet; 252 stickers per package.
