I shared it with my daughters and they also loved the book. It's filled with the great recipes, inspiring craft projects (complete with full instructions and full size patterns) and gorgeous photography one expects from Gooseberry Patch. I made 2 of the personalized aprons for my granddaughters. They came out perfect and the pre-teen girls loved them. This book contains dozens more crafts and recipes I am eager to try. Highly recommended!2 of 2 people found the following review helpful. MehBy Serene NightI love gooseberry patch, and I

love their books, but I just didn't find any recipe or craft project in this that excited me. The recipes seemed sort of generic, and this one lacked the spark that I've come to expect from gooseberry patch. This book felt like it was 'going through the motions' but failed to deliver anything that would make me want to keep it or cook a recipe. I am sure the library will use it though, but for me it was a waste of cash. 1 of 1 people found the following review helpful.

Gooseberry Patch Christmas By Deb P. I have all the Christmas issues of the Gooseberry Patch books and love each and every one of them. Great gift ideas and recipes. And the little shorts they add to each page are well worth the price. Gooseberry Patch Christmas Book 14: Festive holiday recipes, gifts and projects to make the season sparkle

About the Author
Back in 1984, we were next-door neighbors raising our families in the little town of Delaware, Ohio. Two moms with small children, we were looking for a way to do what we loved and stay home with the kids too. We had always shared a love of home cooking and making memories with family friends and so, after many a conversation over the backyard fence, Gooseberry Patch was born. We put together our first catalog at our kitchen tables, enlisting the help of our loved ones wherever we could. From that very first mailing, we found an immediate connection with many of our customers and it wasn't long before we began receiving letters, photos and recipes from these new friends. In 1992, we put together our very first cookbook, compiled from hundreds of these recipes and, the rest, as they say, is history. Hard to believe it's been over 25 years since those kitchen-table days! From that original little Gooseberry Patch family, we've grown to include an amazing group of creative folks who love cooking, decorating and creating as much as we do. Today, we're best known for our homestyle, family-friendly cookbooks, now recognized as national bestsellers. One thing's for sure, we couldn't have done it without our friends all across the country. Each year, we're honored to turn thousands of your recipes into our collectible cookbooks. Our hope is that each book captures the stories and heart of all of you who have shared with us. Whether you've been with us since the beginning or are just discovering us, welcome to the Gooseberry Patch family!
