Love the hats, they are very cute. Very pleased with the purchase. 1 of 1 people found the following review helpful. Best animal hats ever By Ladyprofl have about four pattern books for knitted animal hats and this book has the cutest hats with matching booties and 'handsies' ever. Sizes for babies and older kids -- who I am sure would 'borrow' them unless they got their own set! In addition, the models show a really great range of diversity. Most knitting books have only white models. Can't wait to make one of each set!!! 0 of 0 people found the following review helpful. Errata By A Knitter I love knitting all the hats from this book. Attached is a picture of the Monkey Hat Constructing all the knitted pieces was not easy. If anyone else makes these patterns, I would love to hear from you regarding the construction - especially the face construction. On page 49, I believe there is a mistake in the directions for the Beaver Booties. For the Size Medium only, it reads: \*K2, k2tog, k2,

ssk, k2. I believe it should read: \*K2, k2tog, k4, ssk, k2.
