Julia Chaplin : Gypset Style: Jet Set + Gypsy = Gypset (Icons) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gypset Style: Jet Set + Gypsy = Gypset (Icons):

3 of 3 people found the following review helpful. Inspiring concept, mediocre execution in photos and writing By michael metiu So overall I like this book. I am giving it 3 stars because some of the photos are terrible quality (pixelated to a point that I don't know how it made it past the editor's desk. Especially the two page spread of a waterfall shot) so if you are forgiving of this it's not bad... I did find it inspiring and mostly I bought it because I idealize the lifestyle some of these people have. Writing, and overall quality is hit and miss as you go through the

book.1 of 1 people found the following review helpful. Don't waste your moneyBy Kari MasonI'm so disappointed with this purchase. Not a lot of pictures, and the bigger pictures that are included in this are soooo pixelated, I thought I perhaps bought a "bootleg" copy.I was hoping this would have pictures of the gypset/boho style- outfits of people- but that's not what this book is about at all.I bummed, because I ordered all three books in the series and haven't received the other two yet. Hoping they are a lot better than Style is.0 of 0 people found the following review helpful. Gypsy + JetsetterBy travelgirlI love all the Gypset books - this boho, glam style is fun and inspirational. Nice pics and interesting tidbits, plus they look great on your Moroccan coffee table in your hippie-chic cabin... They also have a three-book boxed set that makes a great gift.

Gypsetters are artists, designers, and bon vivants who live and work around the globe. Wanderlust meets the height of sophistication as New York Times journalist Julia Chaplin explores the unconventional lives of these high-low cultural nomads and the bohemian enclaves they inhabit. In addition to Jade Jagger, Damien Hirst, and Alice Temperly, the Gypsetters' counterculture forebears, including the Victorian explorers, the Lost Generation, the Beatniks, and the hippies, are all profiled.

About the AuthorJulia Chaplin is a New York based journalist and editor who covers contemporary art, fashion, design, lifestyle, and travel. She is a frequent contributor to The New York Times, Elle, Vogue, Wallpaper, New York magazine, and Conde Nast Traveler.
