Stacy Klaus : Hank and Gracie Save the Day before purchasing it in order to gage whether or not it would be worth my time, and all praised Hank and Gracie Save the Day:

And when we were done reading it (twice), she started on the coloring pages in the back of the book. Educational for me too - I don't know much about dogs and the knit/crochet patterns in the back definitely look like something I would do.0 of 0 people found the following review helpful.

Adorable!!By Thresa J. MoserI bought this book mainly because it is illustrated by my niece's granddaughter and because I own a Westie and love this breed of dog! The drawings are just adorable, so well done by our 18 year old Molly! The Knitting Nest provides handmade knit blankets to NICU Units through Project Linus of Central Texas, a most worthwhile project! This book is destined for my two year old great granddaughter for Valentines Day!1 of 1 people found the following review helpful. AdorableBy LaurenAdorable children's story about two little dogs. The illustrations are charming and the ending is cute. The book even has a couple of coloring pages in the back along with some knitting and crochet patterns.

It's a quiet day at the yarn shop, when suddenly the store owner's West Highland terriers, Hank and Gracie, begin barking furiously. Whatever is the matter? Can two sweet pups and some well-placed knitting save the day? In this charming story, local yarn shop owner Stacy Klaus and her 18-year-old niece/illustrator Molly Wade share their love

of dogs and of craft. At the end of the book, you'll find four simple knitting and crochet patterns and four coloring pages, so that you and your little ones, too, can save the day.
