**Atsuko Matsuyama : Happy Flower Quilts: 30 Colorful Quilts, Charming Bags and Cheerful Gifts** before purchasing it in order to gage whether or not it would be worth my time, and all praised Happy Flower Quilts: 30 Colorful Quilts, Charming Bags and Cheerful Gifts:

20 of 21 people found the following review helpful. I thought this book was for the cover quilt pattern ...By tara guistoI thought this book was for the cover quilt pattern only and was surprised with other lovely project patterns. I have read it twice now and the instructions look clear and straight forward.35 of 37 people found the following review helpful. Joyfully Adorable, With EffortBy SLSAtsuko Matsuyama surprises us with a colorful bounty of adorable projects in Happy Flower Quilts. Among the 30 projects are embellished yoyo lanyards (some yoyos are embellished with additional teeny yoyos), a drawstring lunch tote with its own cover, an assortment of small quilts with scallops, rick rack, and appliques, and of course, that lovely quilt on the cover with more than 90 small fussy blocks.Ok, so,

theres the adorable part in spades and to the nines.Effort. There will be much effort. Not just effort in piecing, assembling, and finishing. It also takes effort to find, read, visualize, and comprehend the instructions. As is customary with craft books in which Eastern art meets Western thought, the arrangement is product gallery first, then all instructions for all projects last. Youll be flipping around a lot as you choose a project and compare text with pictures. There are also oodles of templates, patterns, stitching by hand, and many illustrations that might require a second and third look. The pull-out pattern section is quite elaborate. Some projects require 4 or more pages of instructions. Thought and time - will be required. The quilting world moves rapidly, seeking always to speed up piecing and quilting. Happy Flower Quilts is a book for the other textile world: fingers are in constant contact with materials and every stitch is mindfully deliberate. 1 of 1 people found the following review helpful. This book is a resource of such a wonderful variety of quilt blocks By Nadine M. Duke This book is a resource of such a wonderful variety of quilt blocks! The author loves 30's reproduction fabrics and bright, cheery colors, especially pink, which certainly does appeal to me, although anyone could choose different fabrics and still benefit from the variety of designs represented here. I purchased this book for my quilt guild's library.

Happy Flower Quilts is the most colorful and cheerful collection of quilted projects around. Originally published in Japan, this book showcases master quilter and fabric designer Atsuko Matsuyama's unique ability to combine bright colors and fun prints. Packed with over 30 projects, quilters will be inspired to create colorful and print rich quilts, bags and more. Step-by-step instructions are included for all projects.

About the Author Atsuko Matsuyama is one of Japans leading quilt artists and fabric designers. In 1989, she opened her quilt studio A-Two. She often exhibits her work at the Tokyo International Quilt Festival and she makes regular television appearances. Matsuyama also designs fabrics for Yuwa, Japan.
