Cindy Fuller : Haunt Your House For Halloween: Decorating Tricks Party Treats before purchasing it in order to gage whether or not it would be worth my time, and all praised Haunt Your House For Halloween: Decorating Tricks Party Treats:

47 of 47 people found the following review helpful. Cutsie cutsie cutsieBy Erin RippyI'm a serious Halloweenie. When I heard the title "Haunt Your House For Halloween: Decorating Tricks Party Treats" the last thing I expected were cutsie country painted wood cutouts of pumkpin men (stacked 3 hight like snowmen), pigeon-looking blue crows, and BUNNIES with harlequin diamond painted ears. There were even oversided EGGS painted in yellow, orange, and white as if to be candy corn.If you're a serious country crafter who wants to spend a lot of time cutting shapes out of pine with your jigsaw and then painting them, this book has great ideas for you. Personally, I found that a lot of the instructions were quite lengthy and involved, and required a lot of money spent on materials and tools.I bought two Halloween books online this year in preparation for my 2nd annual haunted costume party. This one was a

big disappointment for me. If you're looking for some really fantastic, easy, original and genuinely SPOOKY decorating and party ideas, try "Scary Scenes For Halloween" by Jill Williams Grover. I've left rave reviews for the wealth of amazing ideas I've gathered from her book.0 of 0 people found the following review helpful. FantasticBy Debra D. PetersonI love this book. It was in fantastic condition, it provided me with a lot of great ideas for Halloween to make my holiday party special. I will definitely be purchasing more from this seller.0 of 0 people found the following review helpful. halloween bookBy Elizabeth Lee Ponsonbywe just love halloween and we like this book cause it has some very cool things to make and we like to add different things each year. plus it is a very fun way to get the whole family involved and have some fun and grow stronger. thanks

Here are 80 eerie projectsscary decorations, ghosts by the window, ghouls in your yard and on fences and porches. Creative ideas for every room and area will make your home the areas Halloween masterpiece. Bonus: Party recipes, favors, and costumes. The decorating ideas and party tips in this colorful book can make your Halloween a treat.Country Almanac.

.com Create a charming country-style Halloween setting through your whole house, from the front yard and the entryway to the windows, mantelpiece, and table, with a little help from *Haunt Your House for Halloween*. More sweetly spooky than scary, the decorations feature lots of simple, painted wood cutouts (ghosties, pumpkiny characters, rabbits, cats, crows), easy wreaths (such as a circle of ghost-wrapped lollipops), and clever edibles (sloppy joes whose buns masquerade as pumpkins; ghou-aid; chocolate scaredy-snacks). Full directions and patterns are given for each project, although the book's format occasionally makes finding the instructions for a particular project challenging: a series of photos illustrates a number of project tableaus, followed by the step-by-step instructions for those projects compressed together, then another series of photos, and so on. Everything is clearly pictured, though, and the directions do refer back to the illustration page, so this minor drawback shouldn't keep Halloween crafters from finding their way. --Amy Handy
