I buy a lot of quilt books and there are usually a couple of items I want to do and the rest are mediocre. Not so with this one all the projects are fabulous. The instructions are well written and the illustrations are lovely cant wait to get started. Perfect for beginners and the experienced quilter.0 of 0 people found the following review helpful. Christmas projectsBy Barb CanavanI found a couple of projects I would make.1 of 1 people found the following review helpful. BeautifulBy Anita L. CooleyLots of great patterns, with easy to follow directions. Sometimes there are only one or two patterns I am interested in making, I look forward to making everything in the book.

Illustrations on every page. Detailed instructions.
