Beautiful projects and easy instructionsBy Customer PatHI bought this book because I wanted to learn to make the 3D poinsettia flowers but what I really like is how it shows you how to use the same ideas in more than one way. For instance the placemats can be turned into table runners, and the poinsettia pattern can also make sunflowers. There are fold out instructions pages, and detailed sewing instructions. I love the coaster ideas and even an inexperienced sewer could easily make them; the table runner on the cover would be a project for a more experienced one so there is definitely a range of interesting projects included in

this pattern book. 13 of 13 people found the following review helpful. Great book for hobbieBy B. C. Love this book, already started making some and have bought material for more. Shipment was quick and everything arrived within a week, and everything in good condition. I highly suggest this book. 13 of 13 people found the following review helpful. How CuteBy Ronald O. CapalliaI really like this quick and easy book. It is great for all seasons. Very easy to follow directions. You can change the patterns to other seasons as well.

Traditional and whimsical designs to fit any taste are featured in this book of table dcor for any time of year. Table toppers are a great way to make everyday meals feel like special occasions, and the themed sets in this guide reflect the four seasons plus Christmas through 20 easy-to-make projects, including table runners, placemats, napkin rings, coasters, and other accessories. The patterns make use of fat quarters, small pieces of fabric stash, and appliqu accents and can be customized to match any color scheme. Photographs and diagrams abound in this helpful how-to for beginners and experienced sewers alike.
