**Deanne Fitzpatrick, Susan Huxley : Secrets of Planning Designing a Hand-Hooked Rug** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Secrets of Planning Designing a Hand-Hooked Rug:

0 of 0 people found the following review helpful. Five Stars By Betty Young A great help in planning a design. 1 of 2 people found the following review helpful. Hooking By N. S. R. A great beginners book, but lots of ideas for experienced rug hookers also. Good price. 2 of 6 people found the following review helpful. Wrong information By Erik J. Felker I would not have bought this book if I had been able to learn more about it before buying it. The book was about designing rugs, but I was looking for information about finishing them, such as how to make corners that are not lumpy. It was a nice book, but useless to me. Potential buyers need to be able to look inside books, and I will

not buy another book unless I can see the table of contents.
