All the patterns in one place.By Fiber FanaticBoth this and volume 2 offer a range of modern patterns for an assortment of dolls and sizes. the patterns are easy to copy, the instructions are clear and the product is close to the original if one sews well. This isn't a beginner book in and of itself. it is simple and straightforward and Ms. Anderton does provide good directions and history of the dolls she chose.0 of 0 people found the following review helpful.
