I just love them!! They are not only cute but the detail and lines make it easy to color!! I actually color the first copy for myself and then color one to cut out and send to someone as a 'just because' note!! WONDERFUL!! The paper is thick and of good quality so it wont rip or show the ink through the pages....I use mostly gel pens and colored pencils.1 of 1 people found the following review helpful. In love with my BestiesBy Kim Wilkerson WiseLove these little adorable characters. Book has 2 of each coloring page in the book. You can recolor if you make a mistake, have a coloring date with a friend and you both can color the same page or just keep both for yourself. Nice weighted quality coloring pages. Lots of very cute page to enjoy. Happy
