Sherri Ann Baldy : Sherri Baldy My-Besties Here's My Heart Coloring Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sherri Baldy My-Besties Here's My Heart Coloring Book:

I'd rather it had one copy of each design and have more designs in the book. The paper is ok. I color with Prismacolor pencils and the paper erases well with both a Magic eraser and a battery operated one. I don't think the book is as good a value as most other coloring books, but I like coloring some of the Besties (I have 5 books). Since this is the only way the books come if there's any others I want, I'll continue to buy them. 0 of 0 people found the following review helpful. This book was the perfect addition to my coloring book collection. I don't know what page to color first. Love Love it By Melissa2018 As always I am extremely satisfied with Sherri Baldy's books they are just too adorable to pass up I am hoping I am all caught up on her books now! These little girls have

gorgeous big eyes and are lots of fun to color. I'm having a blast playing with my markers and coloring pencils with these cute designs. There are 2 of each image they are single-sided. The paper is about the same as most books. The images are beautiful adorable at the same time. Super cute, like the rest of the series from Sherri Ann Baldy. These make my heart melt:) I just love Sherri Baldy coloring books. Sure wish she'd make more like cupcake and treats and coffee themed! This book was the perfect addition to my coloring book collection. I don't know what page to color first. Love Love it! 0 of 0 people found the following review helpful.
