I bought it but regret it.By Jeannean GreenThe arrangements in this book are TOO BUSY. Too much moss, too much fruit, too many flowers, too much going on. It was good for a laugh, but who wants to get a fruit arrangement several feet tall? To be fair, floral arranging is a matter of taste, but nothing in the book looked like anything I would want to have in my home.5 of 5 people found the following review helpful. Really a great and useful book.By E. McDowellI knew this could be done and this book shows you how to make silk's look like the fresh and really enjoyed getting the ideas. It is a beautiful book to just look at. I have learn to mix fresh with silk and it is very effective can use flowers that aren't in season or not affordable. Give it a try you will be surprised.

Celebrate the seasons with silk flower arrangements! Whether you need a centerpiece for an Easter brunch, a holiday decoration for your front door, or just a way to brighten a room, you'll find the perfect arrangement in *Silk Flowers for Every Season!* With 25 step-by-step projects plus inspirational ideas, you can decorate your home for every occasion. Let craft and floral designer Diane D. Flowers show you how easy it is to create dazzling displays with simple supplies found at your local craft store. With a few stems of tulips, hydrangeas and gerbera daisies, and botanicals such as apples, lemons, squash and holly berries, you'll be making beautiful arrangements in no time. Plus, you don't need expensive vases or special tools to make these creative designs. Diane shows you how to turn foam and paper into unique containers using floral adhesive and hot glue, and how to use flea-market finds like teacups and pitchers to craft small arrangements you can group or scatter throughout a room. Flowers are the perfect way to celebrate any season, so start creating beauty that will last a lifetime today!
