LOVE Kim's booksBy PeekabooI love Kim Diehl's designs!! I have actually stopped all of my quilting magazine subscriptions in order to save some \$\$ so I can buy all of her books. Her designs are fresh, colorful and fun to make. I hate to over-work the dear lady but I want her to hurry up with the next book! Book arrived in excellent condition and sooner than I had even expected. Beautiful, beautiful designs!9 of 9 people found the following review helpful. This Book Doesn't DissappointBy C. J. WolfThis book contains 12 beautiful quilt patterns. Half of the quilts feature applique in them, which I think is one of the things this designer does best. Full color directions are very clear and easy to follow even for novice quilters. Kim Diehl has 3 other books out. I own all of them and have made many of her designs. Many of the quilts featured in this book are square and are of a

size that make great wall hangings and table toppers. 'Simple Comforts' makes a great addition to my quilt library.

From the popular author of Simple Blessings, Simple Seasons, and Simple Traditions, here's a fresh assortment of inviting quilts. In Kim Diehl's signature style, these 12 projects feature traditional patchwork combined with charming applique. Exuding warmth and comfort, each quilt is perfect for tossing over the arm of a chair to be used at a moment's notice. But with such beautiful artistry, they could easily end up on the wall instead!

I love the look and cozy feeling I get when I see scrap quilts, and I love applique! Kim has mixed scrappy pieced quilts with beautiful applique in this book. I have a ton of fabric that I would love to put to good use and now I have a lot of great ideas. I am constantly moving my quilts around in my house for decorating and love that I can use any of projects for the wall, table or to cuddle up with! --connectingthreads.com
