Simply Sensational Glass BeadingBy MiekelouThis book has clear instructions. I wasn't in love with the projects but there are tips and instructions that I will use on other projects.

This is a sumptuous collection of over 35 sensational beading projects. It provides step-by-step advice to create exquisite cards, unique jewellery and lavish bags; and embellish opulent cushions, an ornate photo album and frame,

and gorgeous accessories. It features stylish contemporary ideas using a wide range of techniques. The beautiful full-colour photography will inspire all beaders.
