Mary Jane Vaughan : Simply Stylish Flowers before purchasing it in order to gauge whether or not it would be worth my time, and all praised Simply Stylish Flowers:

Simple, stylish, beautifully informal floral displays for the home, with 40 imaginative ideas for arrangements and containers. Featuring 60 color photos. Flowers can transform any room or occasion, but they need not take hours to arrange. In fact, simple arrangements often allow the flowers' natural beauty to be seen and admired far more than an elaborate display. Simply Stylish Flowers offers 40 artful yet uncomplicated ideas for using and displaying flowers in the home. Plant narcissi and daffodils in a twig basket; arrange brightly colored anemones and delphiniums in equally vibrant jugs; adorn napkin rings with pansies and primulas; or paint flowerpots in pastel shades to match the summer roses they hold. For a larger, more dramatic display, fashion a wreath from lemons, limes, and leaves. Or for a special occasion, trim a glossy chocolate cake with dark red roses and blackberries. Arranged by season, each project is complete with a materials list, easy-to-follow instructions, useful information on each flower's habits, and an array of

gorgeous color photos. 112 pp 8 1/2 x 10 60 color photos A Country Homes Gardens Book Club Selection
