I decided it would be great to create soaps for her. Out of all the soap making books I found, this one is perhaps the most extensive one I encountered. It has a whopping 365 soap recipes to choose from! As if that wasn't enough, there's also a bonus book that has another 100! I literally can make one for every day of the year for her lol. This book is awesome and I can't wait to start making soaps!1 of 1 people found the following review helpful.
